Champions aren't made in gyms. Champions are made from something they have deep inside them – a desire, a dream, a vision. They have to have the skill and the will. But the will must be stronger than the skill. Successful professionals thrive in the same manner. We all have natural talents. If we use that talent to set our goal in life, we can easily get success in life. We shall not achieve our goals if we do not take action to achieve them.

Setting goals has two valuable assets – a sense of originality and a stepping stone to illuminate the path. Goals put one at the helm of life; pursuing them acknowledges a better future situation. They help to steer a course of life rather than simply drifting along and letting things happen.

Setting goals may appear easy, but, for some, it is quite challenging. Fear of failure may be avoided in the absence of any goals. After all, one has to decide what one wants to achieve in the end. To accomplish goals, experts recommend a five step approach.

(5 marks)

The Twins

In form and feature, face and limb,
I grew so like my brother,
That folks got taking me for him,
And each for one another.

It puzzled all our kith and kin,
It reached a fearful pitch;
For one of us was born a twin,
Yet not a soul knew which.

One day, to make the matter worse,
Before our names were fixed,
As we were being washed by nurse,
We got completely mixed;

And thus, you see, by fate's decree,
Or rather nurse's whim,
My brother John got christened me,
And I got christened him.

P.T.O.

10/N 277

This fatal likeness even dogged
My footsteps, when at school,
And I was always getting flogged,
For John turned out a fool.
I put this question, fruitlessly,
To everyone I knew,
'What would you do, if you were me,
To prove that you were you ?'

Our close resemblance turned the tide
Of my domestic life,
For somehow, my intended bride
Became my brother's wife.

In fact, year after year the same
Absurd mistakes went on,
And when I died, the neighbours came
And buried brother John.
